

DAY 12 • 2026-09-22 • PROMPT

THE CLICKABLE DECISION SURVEY

More than seven decisions become one page of clicks.

HOW TO USE IT

Use it when a pile of decisions is holding up the work. Replace [TOPIC] with what you are deciding.

PROMPT 01

I have more than seven decisions to make about [TOPIC]. Build me a clickable survey as one page. Each question gets a recommended option, an option 2, an option 3, skip, and a box to write my own. Put your reasoning in one line under each question. Add a button that picks every recommendation at once and a button that copies my answers as text I can paste back to you. Put any risk or compliance flag inside the question it belongs to.
