

DAY 12 • 2026-09-22 • PROMPT

WRAP THE DAY

A session record a new chat can pick up from.

HOW TO USE IT

Use it at the end of a working session, before you close the chat.

PROMPT 01

Wrap this session. Write a record with: the decisions I made today in my words, what was proven, what is still not shown, the files you gave me and their versions, what you owe me, what I owe, and the dates coming up. Write it so a brand new chat could pick up from the record alone.
